

"DOING THINGS DIFFERENTLY"

Callan Tansey is a dynamic, progressive Law Firm based in Sligo Town and Boyle. It is a full service Law Firm offering a full complement of legal services, with a specialist niche in Litigation and in particular the complex area of Medical Negligence, in which Callan Tansey is recognised as being a top three Law Firm.

Callan Tansey was established almost 8 years ago, and recently appointed Roger Murray in Sligo and John Kelly in Boyle as its joint Managing Partners. Both are specialists in the area of Litigation and both are in their early forties. Roger Murray, Managing Partner said on the ethos of the firm:

"We put people first: Our clients and our staff. We have worked very hard at ways to reinvigorate and rejuvenate the practice of law. We have a young, vibrant, enthusiastic work force who are deeply passionate about what they do and care for and put their clients first always".

Mr Kelly adds:

"We have the expertise and energy to get the best possible results for our clients. We are aware this will vary from individual to individual and from case to case and we tailor our approach to resolving a client's case based on that person's needs."

Mr. Murray also said that there is a significant emphasis in the firm on work life balance:

"This is something that is very important for us. We feel that the best way to reward our staff and look after our client's interests, is to maintain a healthy balanced view. We took advice on this from one of the leading specialists in the area, Dr David Carey who gave a speech to us last year on the importance of work life balance."

Building on this work, we have now designated "Company Days" to say "thank you" to our staff for their hard work. These days include trips to Sligo Races, a day of team building activities at Boda Borg in Boyle and themed nights out. We also have an active running/walking club and we meet at least once a week to go on an organised walk/run around Sligo Town. Two of our Partners Brian and Niamh, are members of the Sligo Tri-Club and Niamh is also active in the Sligo Athletics Club".

Mr. Murray also went on to emphasise what makes Callan Tansey different:

"We want to give something back; we recognise the vocational nature of law and its importance to the community. We are now into the fifth year of our

very successful Yeats Essay Competition for schools. This is about reaching out to Secondary Schools and promoting the importance of education".

Mr. Murray also went on to emphasise the firm's expansive business view:

"Previously, the legal world was seen as an ultra-competitive, dog eat dog environment. We do not take that view. We feel that it is ultimately destructive: We will fight to the end for our clients, but we will fight fairly. Being unnecessarily aggressive in a case only adds to the trauma for clients who have already been hurt by some deeply distressing event in their lives. We strive always to stick to our core values: Compassion, Integrity, Commitment and Courage".
